GUIDELINES FOR ASSIGNMENTS

Your assignment includes two types of questions:

1. Essay Type Questions which you have to answer in about 350-500 words each and carry 10 marks each.
2. Short notes to be answered in about 150-200 words each and carry 5 marks each.

You will find it useful to keep the following points in mind:

- a) Carefully read the assignment questions and thoroughly review the relevant study units on which they are based. For each question, make some notes highlighting the main points you want to cover. Then, organize these points in a logical sequence using your own words. It is important to treat each question as a separate task and prepare your answer independently, ensuring clarity and completeness for each response.
- b) When preparing your answers, be selective and analytical. Before writing, create a rough outline for each answer separately. For essay-type questions, give special attention to the introduction and conclusion. Your introduction should briefly interpret the question and explain how you intend to address it, while the conclusion should summarize your response.

Make sure that your answer:

- is logical and coherent;
- has clear connections between sentences and paragraphs;
- is written correctly, giving adequate consideration to your expression, style, and presentation;
- does not exceed the number of words indicated in your question.

Once you are satisfied with your answers, write the final version neatly for submission. Make sure to underline or highlight the key points you wish to emphasize in each answer.

Wishing you all the best,
